

Project: Sprint 3

Effective date 5/30/13

For Sprint 3, each team is given the opportunity to discuss their progress on the term project thus far in an informal presentation to the class.

Use this time to update us on your progress. Please note any outstanding issues and obstacles. Briefly reinforce the theme and general layout of your project.

This presentation should be reasonably general and take no more than 10 minutes. However, it is important that you convey confidence in your chance of successful project completion.
